Rhino-Man XTREME

The **Xtreme (XT)** canopy is our premium, state-of-the-art Aluminium model, distinguished by its integrated bonded sliding windows in the gullwing doors. All our canopies are crafted from 100% high-grade automotive Aluminum and engineered with our unique design, ensuring optimal strength capabilities while maintaining a lightweight profile of under 80kg.

The **XT** canopy not only features a unique design but also enhances and complements your vehicle. It can accommodate numerous optional accessories, making it perfect for both the 4x4 enthusiast and the city traveler looking for a canopy with windows for their furry friends.

FEATURES

- Integrated Bonded Side Sliding Windows In Gullwing Doors
- Full Automotive Grade Aluminium Construction
- Rounded Frame Corners
- Full Roof Rails
- Bonded Toughened Rear Glass
- Cab Side Sliding Window
- Dust Proof Key-Alike Locks
- 250kg Load Rating (Or As Per OEM Specification, Whichever Is Less)
- Integrated Airflow Vent
- Legendary Durability
- LED Light And Bracket Included
- Rear Door Security Mesh Included
- Numerous Optional Extras
- 2-Year Warranty

* Optional accessories displayed on the image, at an additional cost, include:

Rhino-man XPEDITION

The **Xpedition (XP)**, also manufactured from 100% high-grade automotive Aluminium and engineered to our unique design, is differentiated by its solid Aluminium gullwing side doors, with a minimal product weight of under 75kg.

The **XP** canopy can also accommodate a range of optional accessories such as the Utility Unit, recovery kits, rooftop table, roof rack, clam-shell tent, and many more. It's the perfect choice for the 4x4 or camping enthusiast looking to fit their vehicle with all the essential gear and extras.

FEATURES

- Full Automotive Grade Aluminium Construction
- Rounded Frame Corners
- Full Roof Rails
- Bonded Toughened Rear Glass
- Cab Side Sliding Window
- Gullwing Doors
- Dust Proof Key-Alike Locks
- 250kg Load Rating (Or As Per OEM Specifications, Whichever Is Less)
- Integrated Airflow Vent
- Legendary Durability
- LED Light And Bracket Included
- Rear Door Security Mesh Included
- Numerous Optional Extras
- 2-Year Manufacturer Warranty

* Optional accessories displayed on the image, at an additional cost, include:

Rhinoman LX

The Rhinoman **LX** Canopy is an additional offering to our **XT** and **XP** Canopy range, made from 100% high-grade automotive Aluminium and manufactured to our high standards, through which high strength and weight of as little as 70kg are achieved.

This model can accommodate optional add-ons like the rooftop table hanger and roof rack. This is perfect for urban canopy travelers, contractors wanting to keep their equipment safe, or individuals seeking a canopy solution for their Bakkie, without the elaborate features associated with camping or overlanding setups.

FEATURES

- Full Automotive Grade Aluminium Construction
- Squarish Frame Corner
- Full Roof Rails
- Rubber Mounted - Toughened Rear Glass
- Rubber Mounted - Cab Side Solid Glass
- Gullwing Doors
- Key-Alike Locks
- Integrated Airflow Vent
- 150kg Load Rating (Or As Per OEM Specifications, Whichever Is Less)
- 2-Year Manufacturer Warranty
- Available in All-Black Only

* Optional accessories displayed on the image, at an additional cost.
